RE: Atlantic Doors & Hardware, Inc.
4601 10th Avenue North
Lake Worth, Florida 33463

To Whom it May Concern:

We at Richard K. Davis Construction Corporation have had the pleasure of working with Atlantic Doors & Hardware since the company's inception. Our relationship quickly became one of trust built from the company's commitment to sound business ethics, honesty and integrity. Their understanding of their products and willingness to help with client's needs holds them above most of their competition. Atlantic Doors & Hardware has always earned a preferred supplier position with our company because they meet and more often exceed our expectations on cost and deliveries. We whole-heartedly endorse Atlantic Doors & Hardware and their principals, Shawn Foley and Brian Fields, and join their list of satisfied customers.

Sincerely,

A handwritten signature in blue ink that reads "Roger A. Priest".
