To Whom It May Concern:

On behalf of Stobs Brothers Construction Company, I would like to take this opportunity to thank Lisa Millheiser for her outstanding performance and commitment to providing our firm with excellent service. I have known Lisa personally for over eleven years and have worked with her on a majority of our commercial and institutional projects including hospitals, assisted living facilities, schools, colleges and universities.

I have found Lisa to be most professional in all aspects of her business and her knowledge of the trade is indeed exceptional. It is without reservation that I offer this letter of appreciation in recognition of her outstanding performance and dedication to the successful completion of our construction projects. Lisa has always been an absolute pleasure to work with and I highly recommend her without hesitation. Should you require additional information, feel free to contact me at 305-751-1692.

Sincerely,

Mike Seney
Vice President
Stobs Brothers Construction
